

2. Indonesia	
Partner:	<p>THE DIRECTORATE OF RESEARCH, TECHNOLOGY, AND COMMUNITY SERVICES; DIRECTORATE GENERAL FOR HIGHER EDUCATION, RESEARCH, AND TECHNOLOGY; MINISTRY OF EDUCATION, CULTURE, RESEARCH, AND TECHNOLOGY (DRTPM)</p> <div style="text-align: center;">  </div>
Duration of grants:	22 Months
Size of grant:	Total grant up to: £160,000 (Project size: £180,000 FEC) UK Maximum: £80,000 (Project size: £100,000 FEC) Indonesia Maximum: IDR 1,600,000,000 (Approx. £80,000)
Number of projects to be funded:	7
Thematic priority areas:	<ul style="list-style-type: none"> Resilient Planet Transformative Technologies Healthy People, Animals and Plants
Contractual arrangements:	
The British Council will contract with the UK organisations. DRTPM will contract with the Indonesia host institute.	
Additional eligibility criteria:	
<p>Indonesia partner eligibility criteria:</p> <ol style="list-style-type: none"> a. The Principal Investigator (PI) must be a permanent lecturer with a valid Nomor Induk Dosen Nasional (NIDN) or Nomor Induk Dosen Khusus (NIDK) and must have a registered ID in SINTA (Science and Technology Index) and Indonesia citizen; b. The PI's must be a lecturer under Directorate General of Higher Education, Research, and Technology base on the Higher Education Database/Pangkalan Data Pendidikan Tinggi) in the website pddikti.kemdikbud.go.id; c. The PI must hold a Ph.D. degree and be at least at the post of an expert assistant (asisten ahli) or beyond. d. The PI should have authored at least two (2) articles published in reputable indexed databases and/or accredited national journals as the first author or corresponding author or have a minimum of 1 registered relevant Intellectual Property Right (IPR). e. The research team must not have been found guilty of any administrative or criminal case, including those under appeal. f. The research team should consist of 1 – 2 persons, comprised of at least one early career researcher and/or doctoral student and must have a registered ID in SINTA (Science and Technology Index). g. The research team not involved in any research team members that funded by DRTPM projects 	
Other considerations:	
Successful projects start dates will be 1 January 2025 Projects will expect to have completed all fundable activities by: 31 October 2026	
Eligible/Ineligible costs	
Request for Indonesia funding should be itemized following the standard of input cost (Standar Biaya Masukan/SBM):	

1. Budget may cover both direct and indirect costs for project implementation.
2. Direct cost should consist of at least 95% from the total budget. Direct cost includes direct personnel cost and indirect personnel cost.
3. Indirect cost must not exceed 5% from the total budget. Indirect costs may include administration fee, monitoring costs, and other costs incurred by the PI's institution in order to facilitate performing project activities and to support the projects.
4. Direct personnel cost can be used for honoraria and personnel salary and must not exceed 25% from the total budget.
5. Rates for honoraria and personnel salary shall follow standard prescribed rates of Indonesia Endowment Fund for Education Agency (Lembaga Pengelola Dana Pendidikan/LPDP)
6. Indirect personnel cost: cost for research activities to achieve outputs and outcomes (project deliverables) such as buying equipment, seminars, training, travelling, license registration, article processing charge, IPR costs.
7. The budget must be included with taxes.
8. The budget cannot include construction of new buildings and other types of major infrastructure.
9. International travel maximum twice per year

Outputs and outcomes

Mandatory:

- At least one publication in high impact factor journals - contribution to the general body of knowledge through scientific publications with partner
- Patent/IP - tangible measure of innovation.

Optional:

- Product - commercial value of outputs
- People Services - increase in the scientific workforce
- Places and Partnerships - facilities and networks established/enabled
- Policies - adopted science-based guidelines; policy recommendations

Submission process

UK Application via British Council UK system

Upon submission of application, we require applicant to submit a document that expresses 2 parties-agreement to complete the research collaboration. This can be in the format of Letter of Intent or MoU should there be any.

Indonesia application via DRTPM system

Upon submission of application, we require the applicant to submit:

1. A document that expresses 2 parties-agreement to complete the research collaboration: this can be in the format of Letter of Intent or MoU and comprising Non-Disclosure Agreement, Intellectual Property Right (IPR), Material Transfer Agreement (MTA), Genetic Resources, Traditional Knowledge, And Traditional Cultural Expression (GRTK&TCE).
2. Attach a copy of the application which has been registered through UK system by the UK partner.

For inquiries regarding Indonesia requirements please contact DRTPM via
